# ORGANIC EXPORT FROM UKRAINE BY TOP COUNTRIES (2019)

## WHAT CAN YOU SOURCE FROM UKRAINE?

- cereals (corn, wheat, barley, etc.);
- oilseeds, including soybeans;
- sunflower oil and other oils;
- fruits, including berries;
- mushrooms;
- nuts;
- herbs;
- tomato paste and ketchup;
- juices;
- flour;
- ice-cream;
- honey and others.

The majority of organic operators in Ukraine are certified according to the EU organic standard. In addition, Ukrainian organic operators are often certified according to other international standards, such as the US National Organic Program (NOP), Canada Organic Regime (COR), Bio Suisse (Switzerland), Naturland and Bioland (Germany), JAS (Japan), and KRAV (Sweden).
